

# Energy & Health Probability Playing Sheet

## Directions for Probability Playing Sheet

Do you notice the “if” in Life? Consider it to mean that the center of our life depends on our choices. If we apply good, powerful principles, we get good, powerful results. If we act contrary to powerful principles, we get powerful negative results.

The purpose of this game is to help you understand how the body’s energy & construction system works and how unhealthy eating habits can disrupt it and result in lack of energy, weight gain, diabetes and degenerative disease.

In life, you don’t choose your degenerative disease, but in this game, you do. You can choose from:

1. Heart & Cardiovascular Disease
2. Cancer
3. Stroke (4.5 million+)
4. Diabetes (17 million+)
5. Arthritis (leading cause of disability)
6. Alzhiemers & Memory Loss
7. Asthma (32 million+)
8. Macular Degeneration
9. Repiratory Disease
